Jamey –

Can you please let me know who I should/shouldn't include in further technical communications on Chuitna? Thanks.
Rachel

Hi all,

I'm using the Chuitna email list from the development of the NARF letter to distribute this, though I pulled out counsel and a few of the Bristol Bay staff since this is a Chuitna technical document. Some of the names I'm still not familiar with so apologies if this came to you unnecessarily.

R10 program staff - you may already have this, but just in case you don't I'm sending it around.

Thanks,
Rachel

Hi Rachel,

Thanks for taking the time last week to meet with the Bristol Bay Tribal Leadership to hear their concerns on Pebble. Thanks also for raising the Chuitna issue with us. As promised, attached you will find the study that the Tyonek Tribe commissioned from Stratus Consulting on the draft Water Management Plan. Please let me know if I can provide you with anything further.

Thanks again, Heather Kendall-Miller
